## RESPONSIBLE ENTITY'S REPORT

The Directors of Sandalwood Properties Ltd ("Responsible Entity") (ACN 093 330 977), as Responsible Entity for TFS Sandalwood Project 2008 (the "Project" or the "Scheme"), submit their report for the year ended 30 June 2020.

### Directors

The names of the Directors of Sandalwood Properties Ltd (the "Directors") during the year and until the date of this report are set out below. The directors were in office for this entire period unless otherwise stated.

Mr Kent Burwash (Chairman);  
Mr Steve Dixon;  
Mr Richard Henfrey (Appointed 21 February 2020); and  
Mr Julius Matthys (Resigned 21 February 2020).

### Principal Activities

The Project is a Managed Investment Scheme for the purposes of the Corporations Act 2001 and is regulated by the Project's Constitution and the Corporations Act 2001. The Scheme participants' ("Growers") interests in the Sandalwood lots are managed by the Responsible Entity as a single commercial plantation for the benefit of the Growers.

Growers include interests held by the Responsible Entity or the subsidiaries of Quintis Holdco Pty Limited ("QHPL"). At 30 June 2020 there were 271 units (1/6 ha) held by the Responsible Entity or subsidiaries of QHPL and 4433 units held by other Growers in the Project.

### Change of State of Affairs

There have been no significant changes in the state of affairs of the Project during the year other than those disclosed in "Likely Developments and Expected Results".

### Results of Operations

During the year, the Scheme continued to be managed in accordance with the investment objective and strategy set out in the Scheme's offer document and in accordance with the Scheme constitution.

Growers are establishing and participating in their own forestry plantation business.

The Scheme derived no operating profit during the financial year (2019: Nil) and made no distributions (2019: Nil).

### COVID-19 Outbreak

In March 2020 the COVID-19 outbreak was declared a pandemic by the World Health Organisation.

The Project is located in Western Australia and plantation management services have been undertaken by the plantation manager throughout the Coronavirus ('COVID-19') pandemic.

### Likely Developments and Expected Results

The investment strategy of the Scheme will be maintained in accordance with the Scheme constitution and investment objectives as detailed in the Product Disclosure Statement.

### Expert Forester's Report for the period from 1 July 2019 to 30 June 2020

This report reviews the status of the plantation managed under this project and the maintenance operations carried out during the year.

Plantation Name:	Waringarri	Location:	Ivanhoe Plain (ORIA)
Description:	Lot 235	165.53 ha	
Planting year:	2009		
Blocks:	1, 2, 3		
Irrigation Method:	Flood		
Irrigation records:	Block 1: total 15.7MI/ha Block 2: total 24.6MI/ha Block 3: total 17.7MI/ha	Average output Average output Average output	3.2MI/ha at each event 3.5MI/ha at each event 3.0MI/ha at each event
Silvicultural treatments during the year			
<ul style="list-style-type: none"><li>Block 1 and 3 received a broadscale spray of knockdown herbicides on four occasions, while Blocks 2 received a spray on three occasions. This improves the flow of irrigation water through the plantation and reduces the fire hazard.</li><li>Block 1 was delved on three occasion, whereas the other two Blocks were not delved.</li><li>Irrigation volumes were all significantly above the target of 10MI/ha/year.</li><li>Infrastructure was maintained to a high standard.</li></ul>			

## RESPONSIBLE ENTITY'S REPORT

General Comments:	
<ul style="list-style-type: none"> <li>Waringarri plantation was established with three long-term hosts: <i>Cassia siamea</i>, <i>Dalbergia lanceolaria</i> and <i>Cathormion umbellatum</i>. The <i>Cathormion umbellatum</i> continues to improve with age and is now in a healthy condition. Most of the <i>Cassia siamea</i> are dead which was due to pathogens that entered the trees through the wounds after hedging. This plantation is variable although the health of sandalwood and hosts is good at the time of inspection.</li> </ul>	

Plantation Name:	Voyager	Location:	Ivanhoe Plain (ORIA)
Description:	Lot 240	47.68 ha	
Planting year:	Block 11: 2009, Block 9: 2008		
Blocks:	11, 9		
Irrigation Method:	Flood		
Irrigation records:	Block 9: total 16.0MI/ha	Average output	3.2MI/ha at each event
	Block 11: total 13.6MI/ha	Average output	2.7MI/ha at each event

Silvicultural treatments during the year	
<ul style="list-style-type: none"> <li>Block 9 received a broadscale spray of knockdown herbicides on four occasions while Block 11 received sprays on two occasions during the year. Spraying of weeds improves the flow of water through the plantation and reduces the fire hazard.</li> <li>Each Block was delved on one occasion to facilitate the flow of water through the plantation.</li> <li>Large host trees were hedged in Block 11 and the debris mulched.</li> <li>Infrastructure was maintained to a high standard.</li> </ul>	

General Comments:	
<ul style="list-style-type: none"> <li>Voyager plantation is generally in good condition with sandalwood and hosts looking vigorous. Block 9 is variable. <i>Cassia siamea</i> has stabilised with no further deaths. The <i>Cathormion umbellatum</i> remains vigorous. It was hoped that hedging of host trees could be done over the past year. Unfortunately, this was not the case and the situation is now critical. It is understood that hedging will commence in the next month or two.</li> </ul>	

Plantation Name:	Mock	Location:	Ivanhoe Plain (ORIA)
Description:	Lot 231; Lot 246	151.86 ha	
Planting year:	2009		
Blocks:	24.1, 24.2, 25.1, 25.2 N, 25.2 S, 25.3, 23.1, 23.2		
Irrigation Method:	Flood		
Irrigation records:	Block 24.1: total 21.0MI/ha	Average output	3.5MI/ha at each event
	Block 24.2: total 21.5MI/ha	Average output	3.6MI/ha at each event
	Block 25.1: total 17.8MI/ha	Average output	3.0MI/ha at each event
	Block 25.2N: total 29.5MI/ha	Average output	4.9MI/ha at each event
	Block 25.2S: total 28.8MI/ha	Average output	4.8MI/ha at each event
	Block 25.3: total 17.8MI/ha	Average output	3.0MI/ha at each event
	Block 23.1: total 16.3MI/ha	Average output	2.7MI/ha at each event
	Block 23.2: total 13.8MI/ha	Average output	2.3MI/ha at each event

Silvicultural treatments during the year	
<ul style="list-style-type: none"> <li>Blocks 25 received 2 broadscale sprays of a knockdown herbicides to kill weeds. The remaining Blocks received one spray. Spraying weeds improves the flow of irrigation water through the plantation and reduces the fire hazard.</li> <li>The sandalwood trees in each Block were pruned to encourage a single stem.</li> <li>Blocks 23.1, 23.2, 24.1 and 24.2 were delved on one occasion to facilitate the free flow of water through the plantation</li> <li>Irrigation volumes were all well above the target of 10MI/ha/year.</li> <li>Infrastructure was maintained to a high standard.</li> </ul>	

General Comments:	
<ul style="list-style-type: none"> <li>Mock plantation is variable. <i>Dalbergia lanceolaria</i> is poorly stocked in Block 23.1. The <i>Cathormion umbellatum</i> in Block 25.2 remains vigorous. There has been an improvement in the health of sandalwood and hosts over the past year. This reflects the dry seasonal conditions with little or no waterlogging of soils.</li> </ul>	

## RESPONSIBLE ENTITY'S REPORT

Plantation Name:	Chapmans	Location:	Ivanhoe Plain (ORIA)
Description:	Lot 6	137.86 ha	
Planting year:	2009		
Blocks:	1 - 9		
Irrigation Method:	Trickle		
Irrigation records:	Each Block received 7.2MI/ha	Average volume over 17 irrigation events was 0.42MI/ha	
<b>Silvicultural treatments during the year</b>			
<ul style="list-style-type: none"> <li>Blocks 1, 2, 3, 6 and 7 received a broadscale spray of a knockdown herbicide on two occasions. Blocks 5 and 8 received a single spray while Blocks 4 and 9 were not sprayed. Spraying weeds improves the flow of irrigation water through the plantation and reduces the fire hazard.</li> <li>Sandalwood trees in Block 7 were pruned to encourage a single stem and this Block was slashed to reduce weed growth.</li> <li>The irrigation volume applied to Chapman plantation was significantly lower than other plantations. This is most likely due to the inability of the trickle system to apply more water, or trickle systems may be more efficient in delivering water.</li> <li>Infrastructure was maintained to a high standard.</li> </ul>			
<b>General Comments:</b>			
<ul style="list-style-type: none"> <li>Chapman plantation has improved markedly over the past year. There are poor areas, particularly in Block 8 and Block 9 where sandalwood stocking is below target. Chapman plantation was established using a mixed configuration of sandalwood and hosts in the same row. The Blocks remain on a drip irrigation system and this could be impacting on the potential of this plantation as the trees appear to be water stressed in the height of the dry season. Also, the drip system requires high maintenance inputs. This plantation would benefit from converting to flood irrigation, however, it is unlikely that this is feasible so late in the rotation.</li> </ul>			

Plantation Name:	Airport	Location:	Ivanhoe Plain (ORIA)
Description:	Lot 1	281.22 ha	
Planting year:	2009		
Blocks:	21A, 21B, 21C, 21D, 31A, 31B, 31C, 31D		
Irrigation Method:	Flood		
Irrigation records:	Block 21A: total 18.7MI/ha	Average output	2.7MI/ha at each event
	Block 21B: total 18.2MI/ha	Average output	3.0MI/ha at each event
	Block 21C: total 15.8MI/ha	Average output	2.6MI/ha at each event
	Block 21D: total 23.9MI/ha	Average output	3.4MI/ha at each event
	Block 31A total 19.4MI/ha	Average output	3.2MI/ha at each event
	Block 31B: total 24.6MI/ha	Average output	3.5MI/ha at each event
	Block 31C: total 19.0MI/ha	Average output	3.2MI/ha at each event
	Block 31D: total 19.0MI/ha	Average output	2.7MI/ha at each event
<b>Silvicultural treatments during the year</b>			
<ul style="list-style-type: none"> <li>Each of the Blocks was sprayed with a knockdown herbicide in four occasions, except for Block 2D which was sprayed five times. Spraying is to reduce weeds that impede the flow of water through the plantation and to reduce the fire hazard.</li> <li>Each Block had the sandalwood trees pruned except for Block 21B. Pruning encourages the trees to form a single stem. The pruning debris in Block 31C was mulched.</li> <li>Irrigation volumes in all Blocks was significantly above the target of 10MI/ha/year.</li> <li>Infrastructure was maintained to a high standard.</li> </ul>			
<b>General Comments:</b>			
<ul style="list-style-type: none"> <li>At Airport, the <i>Cathormion umbellatum</i> remains healthy and vigorous and has improved over the last year. Blocks 31A, 31B &amp; 31C have <i>Cassia siamea</i> and <i>Cathormion umbellatum</i> without <i>Dalbergia lanceolaria</i>. As earlier reports indicate, large numbers of <i>Cassia siamea</i> have died, particularly on the western edge of Block 31D although deaths are spread throughout the plantation. This is due to fungal infections following periods of waterlogging and after hedging.</li> <li>The health of sandalwood trees has improved markedly over the past year which is likely due to a drier than normal season. Airport plantation has suffered in the past from waterlogged soils during periods of high rainfall.</li> </ul>			

## RESPONSIBLE ENTITY'S REPORT

---

### **Environmental Management**

The Project's operations are subject to significant environmental regulations under the laws of the Commonwealth and State. There have been no significant known breaches of any environmental regulations to which the Project is subject.

The Directors of the Responsible Entity have considered the National Greenhouse and Energy Reporting Act 2007 (the "NGER Act") which introduces a single national reporting framework for the reporting and dissemination of information about the greenhouse gas emissions, greenhouse gas projects, and energy use and production of corporations. At the current stage of development, the Directors have determined that the NGER Act does not have an effect on the Project for the current or subsequent financial year. The Directors will reassess this position as and when the need arises.

### **Indemnification and Insurance of Directors and Officers**

The constitution of the Responsible Entity requires it to indemnify all current and former officers under a law of the Commonwealth or of a State or Territory. There have been no known significant breaches of any other environmental requirements applicable to the Scheme.

During or since the financial year, the Responsible Entity has paid premiums to insure each of the Directors against liabilities for costs and expenses incurred by them in defending any legal proceedings arising out of their conduct while acting in the capacity of Director of the Responsible Entity. The cover included professional indemnity as well as Directors' and officers' insurance. The contract with the insurer prohibits the disclosure of the nature of the liabilities or the amount of premium paid.

### **Indemnification of Auditors**

To the extent permitted by law, the Responsible Entity has agreed to indemnify its auditors, Ernst & Young Australia, as part of the terms of its audit engagement agreement against claims by third parties arising from the audit (for an unspecified amount). No payment has been made to indemnify Ernst & Young during or since the financial year.

### **Events after the Reporting Period**

#### *Outbreak of COVID-19*

It is not practicable to estimate the potential impact of COVID-19 on the future sale of the forest produce after the reporting date. The situation is subject to rapid change and regional variability and is dependent on measures imposed by the Australian Government and other countries, for management of the public health issue and any economic stimulus that may be provided.

Other than the possible impact of COVID-19 as disclosed above and in 'Results of Operations', no other matter or circumstance has arisen since 30 June 2020 that has significantly affected or may significantly affect the Project.

### **Auditor's Independence Declaration**

The auditor's independence declaration under section 307C of the Corporations Act 2001 for the year ended 30 June 2020 has been received and can be found on page 17 of the report.

For and on behalf of the Directors of Sandalwood Properties Ltd:

**Kent Burwash - Chairman**

Dated at Perth on 22 October 2020

## Independent auditor's report to the Growers of TFS Sandalwood Project 2008

### Opinion

We were engaged to audit the financial report of TFS Sandalwood Project 2008 (the Registered Scheme), which comprises the statement of financial position as at 30 June 2020, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes to the financial statements, including a summary of significant accounting policies, and declaration of the directors of Sandalwood Properties Pty Ltd, the Responsible Entity of the Registered Scheme.

In our opinion, the accompanying financial report of the Registered Scheme is in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the financial position of the Registered Scheme as at 30 June 2020; and
- b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

### Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Registered Scheme in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Information other than the financial report and auditor's report thereon

The directors of the Responsible Entity are responsible for the other information. The other information is the Responsible Entity's report accompanying the financial report.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Responsibilities of the directors for the financial report**

The directors of the Responsible Entity are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Registered Scheme's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Registered Scheme or to cease operations, or have no realistic alternative but to do so.

## **Auditor's responsibilities for the audit of the financial report**

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Registered Scheme's internal control.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

**Building a better  
working world**

- ▶ Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Registered Scheme's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Registered Scheme to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

---

### 1. GENERAL INFORMATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial report covers the TFS Sandalwood Project 2008 (the "Project" or the "Scheme") as an individual entity. The Project is a Managed Investment Scheme registered in Australia. The Scheme is expected to terminate on 30 June 2024 or at a later date, in accordance with the provisions of the Scheme Constitution.

The Responsible Entity of the Scheme is Sandalwood Properties Ltd (the "Responsible Entity").

Under the Scheme, Growers enter into a Lease and Management Agreement with the Responsible Entity and Quintis Leasing Pty Ltd ("QLPL") (a related entity of the Responsible Entity). Under the Lease and Management Agreement, the Grower sub-leases their Sandalwood lot(s) from QLPL and appoints the Responsible Entity to plant, manage and harvest the trees on the lot, as well as sell the Grower's share of the harvest of the plantation (not applicable where the Grower is an electing Grower as defined below) in consideration for the Grower agreeing to pay establishment fees, annual lease and management fees, a harvest fee and a sales and marketing fee (not applicable where the Grower is an electing Grower).

A Grower is a non-electing Grower unless they have elected to collect their share of the plantation harvest in which case they are an electing Grower.

The Scheme will continue to be managed in accordance with the investment objective and strategy set out in the Scheme's offer document and in accordance with the Scheme Constitution.

The financial report was authorised for issue on 22 October 2020 by the Board of Directors.

#### Going concern considerations

The financial report has been prepared on a going concern basis, which contemplates the continuity of normal business activity.

Under the Scheme, Growers enter into a lease and management agreement with the Responsible Entity and QLPL. The planting, management, harvest and sale of the trees on the Sandalwood lots are conducted by the project manager, Quintis Forestry Limited ("QFL"), as appointed by the Responsible Entity. The Responsible Entity, project manager and QLPL are wholly owned subsidiaries of Quintis Holdco Pty Limited ("QHPL"). QHPL together with its consolidated subsidiaries are referred to as the "Quintis Group".

The Scheme's liquidity position is linked to its Responsible Entity, which in turn is linked to QHPL (Parent Company of the Responsible Entity), due to on-demand loans extended to the Responsible Entity by wholly owned subsidiaries of QHPL.

After taking into account all available information, the Directors of the Scheme have concluded that there are currently reasonable grounds to believe that the preparation of the 30 June 2020 financial report on a going concern basis is appropriate.

#### Basis of Preparation

These general purpose financial statements for the year ended 30 June 2020 have been prepared in accordance with requirements of the Corporations Act 2001, Australian Accounting Standards applicable to "for profit entities" and other authoritative pronouncements of the Australian Accounting Standards Board. The financial report also complies with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board.

The financial statements have also been prepared on an accruals basis and is based on historical cost.

The financial statements only include Scheme property which does not include:

- the application money paid by the Grower to the Responsible Entity which covers the establishment fee, upfront annual fee and upfront rent;
- the lease and management fees paid by the Grower to the Responsible Entity under the Lease and Management Agreement;
- the trees growing on each Grower's lot;
- the harvest produce; and
- the harvest proceeds received by the Responsible Entity on sale of the harvest produce held in trust for the non-electing Growers.

The Scheme has adopted all new and amended Accounting Standards and Interpretations effective as of 1 July 2019. The adoption of these new and amended Accounting Standards and Interpretations had no material impact on the financial position or performance of the Project.

## NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

---

### a) **Functional and presentation currency**

Items included in the financial report are measured using the currency of the primary economic environment in which the Scheme operates (the "functional currency"). This is the Australian dollar, which reflects the currency of the economy in which the Scheme competes for funds and is regulated. The Australian dollar is also the Scheme's presentation currency.

### b) **Significant Accounting Judgements**

The Directors of the Responsible Entity (the "Directors") have applied the following key judgements in preparing these financial statements.

#### *Establishment fees paid by Growers*

The Directors do not believe that establishment fees paid by Growers to the Responsible Entity represent a contribution to the Scheme and are therefore not Scheme property. Rather these fees are paid to and are received by the Responsible Entity in discharge of the Grower's individual obligation to pay for establishment services relating to the Grower's particular leased area, not the plantation as a whole. Accordingly, establishment fees are not recognised in these financial statements.

#### *Transactions arising from the Lease and Management Agreement*

Under the Lease and Management Agreement with the Responsible Entity and QLPL, the Grower sub-leases their Sandalwood lot(s) from QLPL and appoints the Responsible Entity to plant, manage and harvest the trees on the lot (not applicable where the Grower is an electing Grower as defined below), as well as sell the Grower's share of the harvest of the plantation in consideration of the Grower agreeing to pay establishment fees, annual lease and management fees, a harvest fee and a sales and marketing fee (not applicable where the grower is an electing grower).

Transactions arising from the Lease and Management Agreement and other associated charges made between the grower and the Responsible Entity have been excluded from the scope of transactions recognised in the Project's financial statements. The Directors do not believe the annual payments made by the growers to the Responsible Entity become Scheme property. Rather they are paid to and received by the Responsible Entity as rent and fees in discharge of a grower's individual obligation to pay such amounts.

#### *Sandalwood trees and harvest produce*

The Sandalwood trees established from the establishment services grow on the individual Grower's leased area. A Grower has full right, title and interest in either the Grower's proportional share of harvested trees (if an electing Grower) or the Grower's proportional share of harvest proceeds from the sale of the harvested trees (if a non-electing Grower). While there is an element of pooling to arrive at the harvested trees, the Grower retains full right, title and interest in the harvested trees. Accordingly, the Directors also believe that the Sandalwood trees and harvest produce are the assets of the Grower rather than the Scheme and as such should not be recorded in the Scheme financial statements as biological assets or inventory respectively.

#### *Cash and cash equivalents held in trust for the Growers*

Under the Scheme and Lease and Management Agreement, the Responsible Entity is required to establish separate bank accounts which are maintained by an independent custodian for certain funds received including Application Money received from Growers and gross proceeds from the sale of harvested trees for electing Growers. These bank accounts are held in the name of the Responsible Entity and maintained by an independent custodian in trust for the Growers. The Directors do not believe the funds held by the Responsible Entity in trust for the Growers become Scheme property and therefore these bank accounts have not been recorded in the Scheme financial statements.

### c) **New and amended Accounting Standards and Interpretations issued but not yet effective**

A number of new and amended Accounting Standards and interpretations are effective for annual periods beginning after 1 July 2020, and have not been applied in preparing these financial statements. It is not expected that these new and amended Accounting Standards and Interpretations will have a significant impact on the Scheme.

## 2. **OPERATING SEGMENTS**

#### *Identification of reportable segments*

The Responsible Entity has identified that the Scheme has one reportable segment which is consistent with the financial statements as a whole.

## NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2020

---

### 3. SUBSEQUENT EVENTS

#### *Outbreak of COVID-19*

It is not practicable to estimate the potential impact of COVID-19 on the future sale of the forest produce after the reporting date. The situation is subject to rapid change and regional variability and is dependent on measures imposed by the Australian Government and other countries, for management of the public health issue and any economic stimulus that may be provided.

Other than the possible impact of COVID-19 as disclosed above and in 'Results of Operations', no other matter or circumstance has arisen since 30 June 2020 that has significantly affected or may significantly affect the Project.

### 4. FINANCIAL INSTRUMENTS

The Scheme holds no financial instruments.

### 5. RELATED PARTY DISCLOSURE

#### a) Responsible Entity

The Responsible Entity of TFS Sandalwood Project 2008 is Sandalwood Properties Ltd, whose immediate parent company is Quintis (Australia) Pty Limited and ultimate holding company is Quintis Holdco Pty Limited.

#### b) Fees paid or payable to the Responsible Entity

The Responsible Entity did not charge any fees to the Scheme during the year ended 30 June 2020 (2019: nil).

The Responsible Entity provides Sandalwood plantation establishment and management services for TFS Sandalwood Project 2008 and carries out the custodial and administrative functions. There were no transactions during the year and amounts payable at 30 June 2020 between the Scheme and the Responsible Entity were nil.

#### c) Holdings of Directors and Director Related Entities

No lease interests (on the same terms and conditions as other growers) are held by Directors or parties related to Directors.

A total of 271 units are held by the Responsible Entity or subsidiaries of Quintis and are held on the same terms and conditions as other Growers. No amounts are outstanding at year end.

#### d) Key management compensation

No compensation has been paid by the Project directly, or its Responsible Entity to key management personnel of Quintis.

### 6. COMPLIANCE MATTERS

#### a) Compliance Committee

Mr David Mahon was appointed as Compliance Officer on 26 March 2019.

#### b) Remuneration of Directors and Compliance Committee

In the current year, no fees were paid (2019: nil) to the Compliance Committee following the appointment of the Directors to the board of the Responsible Entity (refer to Note 6(a)). \$10,909 was paid (2019: \$7,272) by the Responsible Entity to the Directors for provision of their services during the year ended 30 June 2020.

### 7. AUDITOR REMUNERATION

Ernst & Young are the auditors of the Scheme and the Scheme's compliance plan. During the year the auditors received remuneration in relation to the Project of \$4,100 (2019: \$5,500).

### 6. CONTINGENT LIABILITIES

There were no contingent liabilities as at 30 June 2020.

### 7. INCOME TAXES

Under current Australian legislation, the Scheme is not subject to income tax provided the growers are presently entitled to the income of the Scheme and the Scheme fully distributes its net taxable income.

## DIRECTORS' DECLARATION

---

In accordance with a resolution of the Directors of Sandalwood Properties Ltd, I state that:

In the opinion of the Directors:

- a) The financial statements and notes of TFS Sandalwood Project 2008 for the year ended 30 June 2020 are in accordance with the *Corporations Act 2001*, including:
  - (i) giving a true and fair view of the Scheme's financial position as at 30 June 2020 and its performance for the year ended on that date; and
  - (ii) complying with Accounting Standards and the *Corporations Regulations 2001*;
- b) The financial statements and notes also comply with International Financial Reporting Standards as disclosed in Note 1; and
- c) There are reasonable grounds to believe that the Scheme will be able to pay its debts as and when they become due and payable.

Signed on behalf of the Board  
Sandalwood Properties Ltd

## **Auditor's independence declaration to the directors of Sandalwood Properties Ltd, as the Responsible Entity for TFS Sandalwood Project 2008**

As lead auditor for the audit of the financial report of TFS Sandalwood Project 2008 for the financial year ended 30 June 2020, I declare to the best of my knowledge and belief, there have been:

- a) no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- b) no contraventions of any applicable code of professional conduct in relation to the audit.
