

T.F.S. SANDALWOOD PROJECT 2011

A.R.S.N: 150 211 171

ANNUAL FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2011

In 2017 TFS Corporation was re-named to Quintis Limited. Existing TFS Sandalwood projects up until 2016 will continue to be named 'TFS Sandalwood Project'. New Sandalwood projects from 2017 onwards will be named 'Quintis Sandalwood Album Project'.

As part of the name change to Quintis Limited, TFS Properties Ltd was re-named to Sandalwood Properties Ltd. Sandalwood Properties Ltd remains the responsible entity for all TFS Sandalwood Projects and future Quintis Sandalwood Album Projects.

**WE ARE THE WORLD'S ONLY TRUSTED GUARDIAN OF THIS

RESPONSIBLE ENTITY'S REPORT

The Directors of TFS Properties Ltd (ACN 093 330 977), Responsible Entity for TFS Sandalwood Project 2011 ("the Project"), present their report together with the financial statements of the Project for the period ended 30 June 2011.

Directors

The names of the Directors of TFS Properties Ltd during the period and at the date of this report are:

Frank Cullity WILSON
Ronald Lionel EACOTT
Blake William MYLES (resigned 1 July 2011)
Ian MacKenzie MURCHISON (resigned 1 July 2011)
Ian Ross THOMPSON
Tim CROOT
Richard ALSTON (appointed 1 July 2011)
Adam GILCHRIST (appointed 1 July 2011)

Principal Activities

During the period the principal activity of the Project was the establishment and management of a sandalwood plantation.

Change of State of Affairs

The project commenced during the year. There was no significant change in the state of affairs of the project after the commencement date.

Results of Operations, Financial Position and Likely Developments

The Project made a profit for the year ended 30 June 2011 of \$5,271,464. The net assets of the project as at 30 June 2011 were \$5,271,464.

This is due to the receipt of fees for the establishment of 1,764 one sixth hectare lots.

All of the TFS2011 lots are expected to be planted in dry season 2012. All of the land has either been prepared or in final stages of being prepared.

Scheme Property

At 30 June 2011 there were 530 units (1/6th ha) held by investors in the project which were all issued during the year.

The net assets of the scheme at 30 June 2011 were \$5.27m. This primarily consists of the capitalisation of the establishment fee receipts recognised to date.

During the year fees of \$5,271,464 were received from investors and paid to the responsible entity or its associates.

Environmental Management

The project's operations are subject to significant environmental regulations under the laws of the Commonwealth and State.

The directors of the responsible entity have considered the recently enacted National Greenhouse and Energy Reporting Act 2007 (the NGER Act) which introduces a single national reporting framework for the reporting and dissemination of information about the greenhouse gas emissions, greenhouse gas projects, and energy use and production of corporations. At the current stage of development, the directors have determined that the NGER Act will have no effect on the project for the current or subsequent financial year. The director will reassess this position as and when the need arises.

RESPONSIBLE ENTITY'S REPORT (CONTINUE)

Auditor's Independence Declaration

The auditor's independence declaration for the year ended 30 June 2011 has been received and can be found on page 18 of the financial report.

For and on behalf of the Directors of TFS Properties Ltd:

Independent Auditor's Report

To the Members of TFS Sandalwood Project 2011

We have audited the accompanying financial report of TFS Sandalwood Project 2011 ("the registered scheme"), which comprises the balance sheet as at 30 June 2011, the statement of comprehensive income, statement of changes in equity and cash flow statement for the year then ended, notes comprising a summary of significant accounting policies and other explanatory notes, and the directors' declaration.

Directors Responsibility for the Financial Report

The directors of the responsible entity of the registered scheme are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error. In Note 1, the directors also state, in accordance with Accounting Standards AASB 101: *Presentation of Financial Statements*, that the financial statements comply with *International Financial Reporting Standards*.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independent Auditor's Report

To the Members of TFS Sandalwood Project 2011 *(Continued)*

Independence

In conducting our audit, we followed applicable independence requirements of Australian professional ethical pronouncements and the Corporations Act 2001.

Auditor's Opinion

In our opinion:

- a. The financial report of TFS Sandalwood Project 2011 is in accordance with the Corporations Act 2001, including:
 - i. giving a true and fair view of the registered scheme's financial position as at 30 June 2011 and of its performance for the year ended on that date; and
 - ii. complying with Australian Accounting Standards and the Corporations Regulations 2001;

The financial report also complies with International Financial Reporting Standards as disclosed in Note 1.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE PERIOD TO 30 JUNE 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial report covers the TFS Sandalwood Project 2011. The TFS Sandalwood Project 2011 is a Managed Investment Scheme registered in Australia.

Basis of Preparation

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards; including Australian Accounting Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards. Material accounting policies adopted in the preparation of this financial report are presented below. They have been consistently applied unless otherwise stated.

The financial report has been prepared on an accruals basis and is based on historical costs, except for Sandalwood trees (which are biological assets), which are recorded at net market value. This report does not take into account changing money values or, except where stated, current valuations of non current assets. Cost is based on the fair values of the consideration given in exchange for assets.

The financial statements are presented in Australian dollars which is the project's functional and presentation currency.

Accounting Policies

(a) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Project and the revenue can be reliably measured. All revenue is stated net of the amount of goods and services tax (GST). The following specific revenue recognition criteria must also be met before revenue is recognised.

Operating revenue:

- Timber Lot sales (Establishment Fees) are recognised as revenue in proportion to the establishment work performed at balance date. In arriving at the proportion of work performed to balance date, all activities relating to the product development, marketing, distribution, land procurement and development, seed collection and propagation and other establishment activities are taken into account.
- Lease and Management Fees are recognised as revenue in the period to which they relate.

(b) Biological assets

Sandalwood trees are measured at the Responsible Entity's Director's assessment of their market value at each reporting date. The net market value is determined as being the net present value of expected future cash flows (discounted at a risk adjusted rate).

Net increments or decrements in the market value of the Sandalwood trees are recognised as revenues or expenses in the Income Statement, determined as:

- (i) the difference between the total net market values of the trees recognised as at the beginning of the period and the total net market values of the trees recognised as at the reporting date; less
- (ii) costs incurred during the reporting period to acquire and plant Sandalwood trees.

Costs incurred in maintaining or enhancing trees are recognised as expenses when incurred. Therefore, those costs are not included in the determination of the net increment in net market values.

(c) Income Tax

Under current legislation, the scheme is not subject to income tax provided the Growers are presently entitled to the income of the Project.

Unrealised gains and losses on investments which are regarded as income, are transferred to Growers' funds and are not distributable and assessable until realised. When income is realised, tax will be paid by the growers at the marginal rates of tax that exist under the relevant tax legislation at the date of realisation.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE PERIOD TO 30 JUNE 2011 (CONTINUED)

(d) Cash and Cash Equivalents

For the purposes of the Cash Flow Statement, cash and cash equivalents includes cash on hand and in banks, and short-term deposits at call.

(e) Unearned Income

Prepaid Lease and Management Fees are recognised on a straight line basis over the term of the project as this is considered to closely approximate the value of the service provided. The unearned portion is deferred and recorded as unearned income.

(f) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the Balance Sheet are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(g) Impairment of Assets

At each reporting date, the economic entity reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

(h) Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

Critical Accounting Estimates and Judgements

The directors of the Responsible Entity evaluate estimates and judgements incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data obtained both externally and within the group.

Key Estimate – Biological Asset valuation

As referred to in Note 1(b) and Note 5, as required under the accounting standards the directors of the responsible entity make an estimate as to the market value of the standing sandalwood trees held by the scheme. The carrying value of the sandalwood trees at year end is shown in Note 5. In the first year of planting the trees are recorded at cost. In subsequent years, the market value is calculated as the net present value of expected future cashflows. The estimates used in calculating the expected future cashflows include assumptions on yields in terms of survival rates of trees, and heartwood and oil content of the trees, as well as assumptions as to the future price of the heartwood logs. All estimates are based on the best information currently available and where there is any doubt the scheme uses the more conservative estimates.

Key Estimate and Judgement – Provision for Impairment of Receivables

The entity assesses the likelihood of any impairment of the entity's receivables at each reporting date by evaluating those payments that are in arrears and making a judgement as to the likelihood of that receivable not being paid based on all knowledge available of the debtor. When recovery is assessed as doubtful, the entity estimates by how much the security held by the company against the receivable will be insufficient to adequately cover the debt and records a provision accordingly. The total provision for impairment of receivables at year end is shown in Note 3.

Key Judgement – Environmental issues

Balances disclosed in the financial statements and notes thereto are not adjusted for any pending or enacted environmental legislation and the directors understanding thereof. At the current stage of the company's development and its current environmental impact the directors believe such treatment is reasonable and appropriate.

The financial report was authorised for issue on 30 September 2011 by the board of directors of the responsible entity.

**NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE PERIOD TO 30 JUNE 2011 (CONTINUED)**

	2011 \$

Outstanding fees	-
Provision for Impairment of outstanding fees	-
Outstanding fees	-
4. OTHER ASSETS	
Current	
Prepayments (i)	-
Non Current	
Prepayments (i)	-
(i) prepayments represent lease and management fees paid to the manager in advance of the period in which the lease and management services are to be provided.	
5. BIOLOGICAL ASSETS	
Sandalwood trees at cost of establishment (still to be planted at balance date)	7,123,600
Sandalwood trees at net market value (planted at balance date)	-
	7,123,600
(a) Physical quantity of sandalwood trees planted and owned	
Number of sandalwood trees	-
Area under lease (Ha) (planted)	0.0
Area under lease (Ha) (to be planted)	88.3
Growers in project (units)	530

(b) Nature of Asset

Investors in the TFS Sandalwood Project 2011 who are referred to as "Growers" subscribed for Sandalwood Lots of size one-sixth of a hectare each upon which Sandalwood trees have been established.

The Sandalwood plantation will be situated on various locations within the Ord River Irrigation Area which are located within 15 kilometres from the Western Australian township of Kununurra.

The land upon which the Sandalwood plantation is located is owned or leased by the Responsible Entity. Growers lease the land from the Responsible Entity for the duration of the Project. The Project will continue in operation until the date on which the last of the Growers has been advised that the produce of the Sandalwood crop from each leased area which is leased by the Grower has been harvested and that the relevant Lease and Management Agreement has been terminated but in any event, not later than 30 June 2026.

Until the trees have been planted the value of the trees is represented by the amount of establishment fees paid. Once planted, the net market value of the Sandalwood trees will be determined in accordance with the applicable accounting standards.

(c) Financial Risk

The Responsible Entity is exposed to financial risks arising from changes in the price of sandalwood. The Responsible Entity does not anticipate that the prices will significantly decline in the foreseeable future. This risk does not have an impact on the cashflows of the business in the short term as the sandalwood trees still have at least 15 years until harvested.

---	-------------------------

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE PERIOD TO 30 JUNE 2011 (CONTINUED)

9. RELATED PARTY DISCLOSURE

(a) Responsible Entity

The Responsible Entity of the TFS Sandalwood Project 2011 is TFS Properties Ltd, whose immediate and ultimate holding company is TFS Corporation Limited.

(b) Directors and Key management

The Directors and key management of the Responsible Entity during the period were:

Frank Cullity WILSON – Executive Chairman
Ronald Lionel EACOTT – Director
Blake William MYLES – Director (resigned 1 July 2011)
Ian MacKenzie MURCHISON – Director (resigned 1 July 2011)
Ian Ross THOMPSON – Executive Director
Tim CROOT – Director
Quentin MEGSON – Chief Financial Officer

(c) Fees paid or payable to the Responsible Entity

The Responsible Entity receives all Establishment, Lease and Management Fees which have been paid by the Project during the period.

The Responsible Entity provides Sandalwood plantation establishment and management services for TFS Sandalwood Project 2011 and carries out the custodial and administrative functions.

Transactions between TFS Sandalwood Project 2011 and TFS Properties Ltd result from normal dealings with that company as the Project's Responsible Entity and holder of a dealer's license.

(d) Holdings of Directors and Director Related Entities

There is no lease interests are held by Directors or parties related to Directors on the same terms and conditions as other Growers. No amounts are outstanding at year end.

(e) Key management compensation

No compensation has been paid by the scheme directly, or its responsible entity to key management personnel

10. COMPLIANCE MATTERS

(a) Compliance Committee

The Compliance Committee during the period consisted of:

Ron Eacott (Chairman) – Director TFS Properties Ltd
Robert Marusco – Nissen Kestel & Harford
John O'Brien – Optima Partners

The Compliance Officer during the period to 30 April 2011 was Roger Pratt of Optima Partners. As the Compliance Officer from 14 June 2011, Doug Verley of Nissen Kestel & Harford was appointed.

(b) Remuneration of Compliance Committee

\$5,733 (GST exclusive) was paid to the external members of the Compliance Committee by the Responsible Entity for provision of their services during the period ended 30 June 2011.

11. AUDITOR'S REMUNERATION

Bentleys are the auditors of the Project and the Project's Compliance Plan. During the year the auditors received remuneration in relation to the project of \$4,410.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE PERIOD TO 30 JUNE 2011 (CONTINUED)

12. OPERATING SEGMENTS

Identification of reportable segments

The Responsible Entity has identified one reportable segment for the Project, being the growing and harvesting of sandalwood trees, based on the internal reports that are reviewed and used by the board of directors (chief operating decision makers) in assessing performance and determining the allocation of resources.

The board reviews financial information on the same basis as presented in the financial statements and has therefore determined the operating segment on this basis.

Basis of accounting for purposes of reporting by operating segments

Accounting policies adopted

Unless stated otherwise, all amounts reported to the Board of Directors, being the chief decision maker with respect to operating segments, are determined in accordance with accounting policies that are consistent to those adopted in the annual financial statements of the Project.

Segment assets

Where an asset is used across multiple segments, the asset is allocated to that segment that receives majority economic value from that asset. In the majority of instances, segment assets are clearly identifiable on the basis of their nature and physical location.

Segment liabilities

Liabilities are allocated to segments where there is a direct nexus between the incurrence of the liability and the operations of the segment. Borrowings and tax liabilities are generally considered to relate to the Project as a whole and are not allocated. Segment liabilities include trade and other payables and certain direct borrowings.

Geographic Segment

The Project operates in one geographical segment, being Australia.

13. SUBSEQUENT EVENTS

Subsequent to year end Blake Myles and Ian Murchison have resigned (on 1 July 2011) and Richard Alston and Adam Gilchrist have been appointed.

There has not been any matter or circumstance not otherwise dealt with in the financial report that has significantly affected or may significantly affect the Project.

14. FINANCIAL RISK MANAGEMENT

(a) Financial risk management

The Project's financial instruments consist mainly of deposits with banks.

(i) Treasury risk management

The executive chairman and chief financial officer of the responsible entity regularly analyse financial risk exposure and evaluate treasury management strategies in the context of the most recent economic conditions and forecasts. The overall treasury risk management strategy is to assist the project in meeting its financial targets, whilst minimising potential adverse effects on financial performance.

(ii) Financial risk exposures and management

The main risks the project is exposed to through its financial instruments are interest rate risk, liquidity risk, foreign currency risk, credit risk, and agricultural risk.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE PERIOD TO 30 JUNE 2011 (CONTINUED)

Interest rate risk

Interest rate risk is the risk that a financial investment's value will fluctuate as a result of changes in market interest rates. The Project's exposure to interest rate risk is as follows:

Financial Assets

Cash	\$4,862,099
Weighted average debit interest rate (p.a.)	0%
Weighted average credit interest rate (p.a.)	0%
Interest rate type	Variable

The Project had no other financial assets or financial liabilities with exposure to interest rate risk as at balance date.

Liquidity risk

The project manages liquidity risk by monitoring forecast cash flows and ensuring that adequate unutilised borrowing facilities are maintained.

Foreign currency risk

The project is exposed to fluctuations in foreign currencies in relation to its valuation of biological assets and specifically the company owned sandalwood plantations.

Credit risk

Credit risk represents the risk that counterparty will fail to perform contractual obligations under a contract. The Project's only credit risk exposure relates to debtors who comprise the receivable balance at 30 June 2011. A provision for impairment is recognised when collection of the full nominal amount is uncertain.

Agricultural risk

The project is exposed to agricultural risks in relation to the establishment and maintenance of its sandalwood plantations. These risks are managed by ensuring appropriate qualified staff (including foresters and agronomists etc) are employed to undertake and monitor the agricultural activities. Those activities are underpinned by manuals that have been developed to mitigate many of the risks attributable to the plantations.

Price risk

The project is exposed to commodity price risk in relation to its valuation of biological assets and specifically the project owned sandalwood plantations.

(b) Financial instruments

(i) As at 30 June 2011 the project had not entered into any derivative financial instruments, foreign exchange contracts, interest rate swaps or similar contracts.

(ii) Net fair values

The Project's financial assets and liabilities included in the Balance Sheet are carried at their net fair value. Refer to Note 1 for the methods and assumptions adopted in determining net fair values for Sandalwood trees.

(c) Sensitivity Analysis – Interest rate risk, Foreign currency risk, Price risk, Heatwood oil yield

The entity has performed a sensitivity analysis relating to its exposure to interest rate risk, foreign currency risk and price risk at balance date. This sensitivity analysis demonstrates the effect on the current year results and equity which could result from a change to these risks.

Interest rate sensitivity

At 30 June 2011, the effect on profit and equity as a result of changes in the after tax interest rate, with all other variables remaining constant was nil as the bank balance only come into existence at the end of the financial year.

NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS FOR THE PERIOD TO 30 JUNE 2011 (CONTINUED)

Foreign currency risk sensitivity analysis

At 30 June 2011, the effect on profit and equity as a result of changes in the after tax value of the Australian dollar to the US Dollar was nil as the biological assets were carried at cost.

Price risk sensitivity analysis

At 30 June 2011, the effect on profit and equity as a result of changes in the after tax price risk, with all other variables remaining constant was nil as the biological assets were carried at cost.

Heatwood oil yield sensitivity analysis

At 30 June 2011, the effect on profit and equity as a result of changes in the after tax heatwood yield risk, with all other variables remaining constant was nil as the biological assets were carried at cost.

15. CONTINGENT ASSETS AND LIABILITIES

There are no contingent assets and liabilities during the period ended 30 June 2011.

16. PROJECT DETAILS

The registered office of the project is:

169 Broadway
Nedlands WA 6009

The principal places of project are

Head Office
169 Broadway
Nedlands WA 6009

Plantation
King Location 385, Packsaddle Road
Kununurra WA 6743

DIRECTORS' DECLARATION FOR THE PERIOD TO 30 JUNE 2011

In accordance with a resolution of the Directors of TFS Properties Ltd, I state that:

In the opinion of the Directors:

- (a) the financial statements and notes of the registered Project are in accordance with the Corporations Act 2001, including:
 - (i) giving a true and fair view of the registered scheme's financial position as at 30 June 2011 and its performance, as represented by the results of its operations and its cash flows for the period ended on that date; and
 - (ii) complying the Accounting Standards and the Corporations Regulations; and
 - (iii) the financial statements are in accordance with International Financial Reporting Standards issued by the International Accounting Standards Board
- (b) there are reasonable grounds to believe that the registered scheme will be able to pay its debts as and when they become due and payable.

On behalf of the Board
TFS Properties Ltd

FRANK CULLITY WILSON
DIRECTOR

Dated: this 30th day September, 2011

To The Board of Directors of the Responsible Entity of TFS Sandalwood Project 2011

**Auditor's Independence Declaration
under Section 307C of the Corporations Act 2001**

This declaration is made in connection with our audit of the financial report of TFS Sandalwood Project 2011 for the year ended 30 June 2011 and in accordance with the provisions of the Corporations Act 2001.

We declare that, to the best of our knowledge and belief, there have been:

- no contraventions of the auditor independence requirements of the Corporations Act 2001 in relation to the audit;
- no contraventions of the Code of Professional Conduct of the Institute of Chartered Accountants in Australia in relation to the audit.

Yours faithfully

BENTLEYS
Chartered Accountants

PHILIP RIX FCA
Director

DATED at PERTH this 30th day of September 2011
